Declaration of Conformity

Heldon Products declares that the following products have been manufactured in accordance with EU Directive 97/23/EC.

Conformity and Assessment Procedure followed: (ref. annex II / annex III - 97/23/EC)

Part Series	Series Description
20 - 30	Brass Cylinder Fittings
45 - 53	Fusible Safety Plugs
54 - 69	Brass Schrader Fittings
70 - 75	Seal Plugs & Caps
80 - 85	Pipe Plugs
90 - 91	Strainers
95 - 96	Swivel Connectors
200	Unions (Brass)
300	Elbows (Brass)
400	Tees (Brass)
500	Flare Nuts (Forged)
510	Flare Nuts (Machined)
520 - 525	JIC Nuts and Sleeves
600	Sight Glasses

Part Series	Series Description
1000 - 1150	Copper Fittings
1100 - 1130	Flare Washers / Pipe Clips
1400	Vibration Eliminators
2000 - 2026	Check Valves
2030 - 2033	Compressor Valves
2069 - 2076	Packless Angle Valves
2090 - 2094	Accumulators
2100 - 2126	Packless Line Valves
2201 - 2210	Capped Angle Valves
2220 - 2250	Capped Line Valves
2300 - 2350	Ball Valves
2400 - 2405	Solenoid Valves
2600 - 2610	Rotalock Valves
3500	Oil Filters

Technical Standards and Specifications applied:

EN 14276-1
AS 2971
UL 207

Compliance to EU Directive 2002/95/EC (RoHS)

Heldon proactively supports the environmentally important initiatives from the European Union by taking every step to ensure that their products are RoHS compliant:

- Heldon Pressure Vessels (Liquid Receivers, Suction Accumulators, Discharge Mufflers, etc) do not intentionally include any of the 6 (six) restricted substances.
- The use of LEAD in copper alloys (Brass) and solder used in Heldon Products is as allowed in the Annex of RoHS 2002/95/EC.
