Compliance to EU Directive 2002/95/EC (RoHS)

Heldon proactively supports the environmentally important initiatives from the European Union by taking every step to ensure that their products are RoHS compliant:

- Heldon Pressure Vessels (Liquid Receivers, Suction Accumulators, Discharge Mufflers, etc) do not intentionally include any of the 6 (six) restricted substances.
- The use of LEAD in copper alloys (Brass) and solder used in Heldon Products is as allowed in the Annex of RoHS 2002/95/EC.
