## Declaration of Conformity

Heldon Products declares that the following products have been manufactured in accordance with EU Directive 97/23/EC.

Conformity and Assessment Procedure followed: (ref. annex II / annex III - 97/23/EC)

Part Number	Part Description	Registered Ps (bar)	Volume V (Litre)	Ps x V	Module
3026-06	Burnout Filter Drier - 3/8 MSAE c/w Jumper Tube	32	< 2	64.0	A
3026-06A	Burnout Filter Drier - 3/8 MSAE	32	< 2	64.0	A
3026-08	Burnout Filter Drier - 1/2 MSAE c/w Jumper Tube	32	< 2	64.0	A
3026-08A	Burnout Filter Drier - 1/2 MSAE	32	< 2	64.0	A
3026-10	Burnout Filter Drier - 5/8 MSAE c/w Jumper Tube	32	< 2	64.0	A
3026-10A	Burnout Filter Drier - 5/8 MSAE	32	< 2	64.0	A

### Technical Standards and Specifications applied:

EN 14276-1  
AS 2971  
UL 207

### Compliance to EU Directive 2002/95/EC (RoHS)

Heldon is proactively supporting these environmentally important initiatives from the European Union by taking every step to ensure that their products are RoHS compliant:

- Heldon Pressure Vessels (Liquid Receivers, Suction Accumulators, Discharge Mufflers, etc) do not intentionally include any of the 6 (six) restricted substances.
- The use of LEAD in copper alloys (Brass) and solder used in Heldon Products is as allowed in the Annex of RoHS 2002/95/EC.
