Declaration of Conformity

Heldon Products declares that the following products have been manufactured in accordance with EU Directive 97/23/EC.

Conformity and Assessment Procedure followed: (ref. annex II / annex III - 97/23/EC)

Part Number	Part Description	Registered Ps (bar)	Volume V (Litre)	Ps x V	Module
3040	Bi-Flow Drier	42	0.3	126	SEP
3040	Bi-Flow Drier	42	0.5	21	SEP

Technical Standards and Specifications applied:

EN 14276-1
AS 2971
UL 207

Compliance to EU Directive 2002/95/EC (RoHS)

Heldon proactively supports the environmentally important initiatives from the European Union by taking every step to ensure that their products are RoHS compliant:

- Heldon Pressure Vessels (Liquid Receivers, Suction Accumulators, Discharge Mufflers, etc) do not intentionally include any of the 6 (six) restricted substances.
- The use of LEAD in copper alloys (Brass) and solder used in Heldon Products is as allowed in the Annex of RoHS 2002/95/EC.

Lindsay Roysten

Director Manufacturing

A handwritten signature in black ink, appearing to read 'Lindsay Roysten', is written over a horizontal line.
