## Declaration of Conformity

Heldon Products declares that the following products have been manufactured in accordance with EU Directive 97/23/EC.

Conformity and Assessment Procedure followed: (ref. annex II / annex III - 97/23/EC)

| Part Number | Part Description                                     | Registered Ps (bar) | Volume V (Litre) | Ps x V | Module |
|-------------|--|---------------------|------------------|--------|--------|
| 3025-403S   | Pancake Drier Solid Core -3/8 ID - Dual Access Ports | 32                  | < 2              | 64.0   | A      |
| 3025-404S   | Pancake Drier Solid Core -1/2 ID - Dual Access Ports | 32                  | < 2              | 64.0   | A      |
| 3025-405S   | Pancake Drier Solid Core -5/8 ID - Dual Access Ports | 32                  | < 2              | 64.0   | A      |
| 3025-406S   | Pancake Drier Solid Core -3/4 ID - Dual Access Ports | 32                  | < 2              | 64.0   | A      |
| 3025-407S   | Pancake Filter Drier - 7/8 ID - Dual Access Ports    | 32                  | < 2              | 64.0   | A      |
| 3025-409S   | Pancake Filter Drier - 1-1/8 ID - Dual Access Ports  | 32                  | < 2              | 64.0   | A      |

### Technical Standards and Specifications applied:

EN 14276-1  
AS 2971  
UL 207

### Compliance to EU Directive 2002/95/EC (RoHS)

Heldon is proactively supporting these environmentally important initiatives from the European Union by taking every step to ensure that their products are RoHS compliant:

- Heldon Pressure Vessels (Liquid Receivers, Suction Accumulators, Discharge Mufflers, etc) do not intentionally include any of the 6 (six) restricted substances.
- The use of LEAD in copper alloys (Brass) and solder used in Heldon Products is as allowed in the Annex of RoHS 2002/95/EC.
